Dear Sir/Madam,

RE: Ground inspections by I.F.A

We are seeking your support financially to help us meet the new criteria set for all clubs by the I.F.A.

The work must be completed by 30<sup>th</sup> April 2008, then inspected and approved before re-entry to the league.

Completed work will allow for football to be played in a safer environment. This will enable us to continue our cross community work and with the improved facilities allow us to develop further our youth structures, increasing participation at all levels.

Yours in sport,

Jackie Mooney
